

Friday 14th May 2021

Hello,

School Council Agenda – Friday 14th May 2021

- Any ideas or suggestions in the box or from class – Please remind everyone in your class that the suggestion box and worry box are there for anyone who may have a suggestion or a problem.
- Attending our next full governor's meeting on Monday 12th July at 4pm. Mrs Speakman will send letters to parents to ask permission.

Mr Wallace would like our current School Council to tell our governors what we have achieved this year. He would like a powerpoint presentation to show what we have been discussing and he would also like to meet the new school council reps as well to find out what plans we have in place for next year.

- Eco school – recycling bins on playground. Poster competition to save electricity. Any other ideas to help the environment. Reminder of litter picking days.
- Any other business

Please remind the children in your class that the Suggestion Box and the Worry Box are on the corridor for them to use if they need to. We have put extra paper and pencils in the baskets but if you notice they have all been used please let Miss Horrocks or Mrs Speakman know.

Children can use the paper to write down any suggestions for School Council they have and we will check the box at every meeting.

Miss Rawding checks the worry box every week to see if anyone has put a note in there.

Mr Wallace has asked if we can attend our next Full Governors meeting. Mrs Speakman will send letters out to your parents nearer the time. He would like you to tell the Governors of our school about the positive difference to the school you have made this academic year, show them photos of the work and exciting projects you have done and what plans you have for next year.

Eco School – We thought about all the ways we help to keep our environment healthy e.g. LED lights in school, lights on timers, use less plastic in the dining hall etc. We also thought about what else we can do including reminding staff to turn their lights off in the classrooms and offices, don't use as much water when we are

washing our hands, have paper recycling bins in the classroom and on the playground.

Can your class come up with any other ways we can be more eco friendly?

Any Other Business

Can we have a table on the field with paper, coloured pencils and colouring pages?

Can we have Hula Hoops added to the playground equipment?

Can we have play equipment on the field?

Actions

Please remind children in class to use the suggestion box and the worry box if needed.

Mrs Speakman will send a letter to parents regarding the School Council meeting with our Governors.

Year Six reps to speak with Harvey to ask what equipment he would like on the field, can the Y6 box be taken to the field?

Mrs Speakman will speak with Mrs Sherriff to see if we have enough hula hoops in the PE store for use on the playground.

Can your class think of other ways we can help our school environment? Please bring any ideas to our next meeting.

Thank you so much for all your help, keep asking your friends in class what they would like us to do or what they would like to see in school and bring any ideas or suggestions to our next meeting.

Thanks

Mrs Speakman
